Germany Satisfied With Admiral Dewey's Explanation.

Dewey's Explanation.

Berlin, March 30.—The foreign office here is fully satisfied with the explanations made by Admiral Dewey to the president regarding the interview which appeared recently in a Newark (N. J.) paper, in which allusions to the German navy and the German emperor were made. No communication on the subject has passed between the foreign office and the German embassy at Washington, because the officials here from the beginning feit certain that if Admiral Dewey had been correctly reported the government of the United States would do everything proper on its own initiative without any reminder from here.

Count you Reventlow, in the Tageblatt today, compares the German and American navies. He says Germany's drat squadron is homogeneous and all-

American navies. He says Germany's drat squadeon is bemograficus and always ready for instantaneous service. 'It could," he adds, "smash Dewey's heterogeneous assemblage, which had not a single modern armored cruiser." The count regards the American maneuvers as "generally childish," and as "always resulting in defeats of the hostile fleets, the naval commanders, therefore, gaining large newspaper glory."

## FOURTH DISTRICT COURT.

Young women may avoid much sickness and pain, says Miss Alma Pratt, if they will only have faith in the use of Lydia E. Pinkham's Vegetable Compound.

"Deaz Mrs. Pinkham: — I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months.

"I recommend it to all young women who suffer from female weak-ness."—Miss Alma Pratt, Holly, Mich. FREE MEDICAL ADVICE TO YOUNG GIRLS.

All young girls at this period of life are earnestly invited to write Mrs. Pinkham for advice; she has guided in a wotherly way hundreds of young women; her advice is freely and cheerfully given, and her address is Lynn, Mass.

Judging from the letters she is receiving from so many young girls Mrs. Pinisham is inclined to the belief that our girls are pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries. Nothing is allowed to interfere with studies, the girl must be pushed to the front and graduated with honor; often physical collapse follows, and it takes years to recover the lost vitality,—often it is never recovered. A Young Chicago Girl Saved from Despair.

"Dear Mrs. Pinkham: —I wish to thank you for the help and benefit I have received through the use of Lydia E. Pinkham's Vegetable Compound and Liver Pills. When I was about seventeen years old I suddenly seemed to lose my usual good health and vitality. Father said I studied too hard, but the doctor thought different and prescribed tonics, which I took by the quart without relief. Reading one day in the paper of Mrs. Pinkham's great cures, and fiading the symptoms described answered mine, I decided I would give Lydia E. Finkham's Vegetable Compound a

SINCLAIR, 17 E. 22d St., Chicago Hl."

Lydia E. Pinkham's Vegetable Compound is the one sure remedy to be relied upon at this important period in a young girl's life; with it she can go through with courage and safety the work she must accomplish, and fortify her physical well being so that her future life may be insured against sickness and suffering. 55000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.
